Introducing Petite Feet Program

Lone Star Dance Academy, the official schools of Star Ballet, is offering dance classes instructed by LSB qualified teachers. These exciting classes educate young ones in a creative way of using movement while learning a dance vocabulary. Our classes provide children with an introduction and appreciation of dance through dynamic and stimulating activities. Our dance classes assist children to become more aware of their physical abilities while nurturing their self-esteem and artistic capabilities. Our classes help improve flexibility, coordination and rhythm, as well as provide each participant with all the elements of introductory dance that will give them the endurance and assurance if chosen to continue formal dance training beyond the childhood years.

Class Descriptions

Below are selections of classes we offer with recommended ages; however, we are also able to group a variety of ages together as long as the class progresses at a level we feel appropriate.

Ballet /Tap Combo Class

Ballet /Jazz Combo Class

Classes are divided by age

3-4 year olds who have not started Kindergarten

4-5 year olds who have not started Kindergarten

5-6 year olds who have started Kindergarten

7-8 year olds

9-10 year olds

Call now to schedule a free demonstration class!

Class Days and Times

Classes are 45 minutes long and meet once a week. Times and days can be determined to meet the needs and requests of the child-care facility. Classes are on a 9 month schedule, with summer programs available. Special routines are designed for the students and a spring performance will be showcased.

Location

We will send an experienced and qualified instructor to your facility. We request an adequate space with appropriate flooring to accommodate 8-10 dancers per class.

Fees

Petite Feet classes are tuition based and paid monthly by the parent/guardian of the child participating. Classes are \$25 per child. Lone Star Ballet will take \$5 from each tuition payment and will give this portion back to the child care facility. A minimum of 8 students is required in order for a class to make. If classes exceed 10 participants then another class is formed.

Clothing

It is suggested that comfortable clothing be worn such as shorts, t-shirts and socks, on dance days. Appropriate dance attire such as leotards, skirts and shoes can also be purchased by the participant, but is not a requirement.
